Dear Mr. Ghilarducci:

This letter is to inform you that the above Pre-Disaster Mitigation (PDM) grant is hereby terminated. This decision is the result of an agreement between FEMA and Cal OES to terminate the grant, pursuant to 2 C.F.R. §200.339(a)(3). As of today's date, no federal action is associated with these projects and therefore the Incidental Take Statement no longer covers the activities proposed for funding by this grant.

UC Berkeley may request reimbursement of the Federal share of eligible costs incurred under the approved scope of work and budget up to the date of this termination letter. These costs may include approved pre-award application development costs and environmental compliance activities. Costs incurred after the date of this letter, will not be reimbursed. All other costs resulting from obligations incurred by the Subgrantee after termination are not allowable.

If you have any questions, or need further assistance, please contact Robert McCord, Hazard Mitigation Assistance Branch Chief, at (510) 627-7059; or email Robert.mccord@fema.dhs.gov.

Sincerely,
